“ *She had an outgoing humorous personality. It didn't take much to get her laugh and laugh and laugh. She always wanted to know more about you than herself. I was so sad to find out she passed from covid.*

“What can be said that hasn't been said about this wonderful lady? I will just say I was blessed to have been one of her hundreds or thousands of students in her teaching career.. Not only was I lucky enough to have her as my 2nd grade teacher, I was able to have her for 3rd grade as well.. Not only was she my teacher, she became a dear friend of my mother's and she remained a lifelong friend. Ms Goodson was a wonderful woman after God's own heart. She not only taught her students reading, writing and arithmetic, she taught life values and morals back by her strong Christian faith.. I will never forget Saying the Lord's prayer every morning followed by the pledge of allegiance with a heavy emphasis on "one nation under God"...She was stern but fair and just what I needed at a heavily influential time in my early life.. The values and morals I learned from Ms Goodson have now gone with me for over 40 years and will till the day I see her again in Heaven. I know without a doubt that as she took her last breath she heard "well done thy good and faithful servant.. Rest well in eternity Ms Goodson.. You did an amazing job here...

I am saddened to hear of her passing. When I got to Patten Elementary School as a Pre-K teacher, Mrs. Goodson attached herself to me and would not let go of me despite the fact that at that particular time in my life I really did not want to be bothered . I just wanted to be left alone. But God had a reason for placing me there at that school. He knew that Ms. Goodson would pour into my life just what I needed to overcome my hurt. She was very encouraging and would always have something for me to read or listen to. Each time it would be something that God knew that I needed. She and I shared the love of crocheting. I still have the book of crochet snowflakes patterns that she gave me all those years ago. I have made everyone of those snowflakes and gave them as Christmas presents to students, teachers and parents over the years. Just this past week I shared how God used her to bring healing into my life with my daughter in law. I will always remember her as quiet, spiritual person.
