“ One of the funniest things I remember about Bruce one day we were building a house in scottsboro Alabama Bruce was up on the floor laying the house out and I was out in the yard cutting for him and I get to acting a little crazy about most of the time and James had a bunch of new help working so I just start into talking to an imaginary worker like we were fussing towards one another and I'm telling him that I'm not going to take nothing from him and he is telling me that he will beat me up and bust my head (now keep in mind that their is only myself out there but it's sounding like two different people arguing) all of a sudden here comes Bruce out of no where and starts talking to my imaginary worker saying now you listen here you can't talk to him like that and another thing James ain't here right now and ain't going to be no problem on this job while he is gone or when he gets back now you need to leave Keith alone and get back to work,now I'm going to to tell you folks it was priceless the look on all these new workers faces and brother they all shut up and got to work and Bruce and I were laughing so hard we couldn't catch our breath they really thought we were both crazy I don't think some of them ever came back to work after that,I'm going to say this I love Bruce Baker I love all the Bakers there family all my life I will miss him dearly thank y'all
