“ I had to share another. I locked myself out of my house one day. I headed next door to Linda's to borrow her phone. I was all upset, embarrassed & mad. She just smiled & said it happens, & was so glad we got to visit. She always had that one of a kind, special way to turn something bad into something good. By the time I left, I had a happy heart & a big bowl of soup for dinner. She was such an overall wonderful person! I'll never forget her thoughtfulness & kindness!
Praying for the family. The way she would light up talking about her family always made me smile, you could just feel her love in her words. ❤️

“ Your beautiful family is in my thoughts & prayers. One summer Linda tried to teach me how to make & can her salsa. I still smile when I remember her laughing & talking while she worked. Of course mine never came close to being as good as hers, but it's a happy memory I will cherish. She was the sweetest, most amazing woman with the biggest heart & I'm so grateful to have known her. She was special in so many ways! ❤️
